

Low Emission Zone Vehicle Registration Form

Use this form if your vehicle is affected by the Low Emission Zone (LEZ) and Transport for London (TfL) does not have all the relevant details of your vehicle on their database. TfL hold records for most GB registered vehicles.

You should **check your vehicle information** held by TfL for the LEZ by using our Compliance Checker at tfl.gov.uk/lezlondon or by calling 0845 607 0009 from the UK, (+44) 20 7310 8998 from abroad and by textphone (if you have impaired hearing) on 020 7310 8999.

Areas in bold are compulsory fields as are Sections 1, 2 and 5.

A photocopy of the vehicle registration document must be supplied with the completed form otherwise your application will be rejected.

Please complete in BLACK ink.

Please read the guidance notes before completing this form.

Section 5 - Declaration

Please read the following declaration very carefully and sign where indicated to confirm that you have read and understood it. If you do not sign and date this declaration then your application will be rejected.

By signing this form, I certify that I fully understand the criteria for registering a vehicle affected by the London Low Emission Zone (LEZ) with Transport for London (TfL) as set out in the guidance notes. The details given on this form are to the best of my knowledge true and correct and I understand that filing a false declaration knowingly and wilfully is a criminal offence for which I may be prosecuted.

In accordance with the requirements of the LEZ Scheme Order I undertake to notify TfL of any change in circumstances that may affect the validity of the vehicle to travel in the LEZ without paying the daily charge.

By signing this form, I confirm that I am aware of the data protection information provided in the guidance notes to this form. Where TfL requires verification from a third party (relevant third parties are listed in the guidance notes), I request that the appropriate third party provide TfL with the information required to verify that the information I have supplied on this form is correct. I understand that TfL needs to identify possible fraudulent statements of emissions standards and use of the discount. I accept that this may include on-street checks and the analysis of the movements of randomly selected vehicles in the LEZ. I agree that if I have applied for a discount or exemption to which the vehicle is not entitled, TfL may disclose relevant details to Law Enforcement agencies. I understand that TfL may share data provided in the form with other Local Authorities and the Police for the prevention and detection of crimes and the protection of public funds.

I understand that the vehicle details included in this application will not be updated on TfL's register until I have received written confirmation from TfL of the outcome of this application. If the vehicle travels within the LEZ before the vehicle registration is approved, and the daily charge is not paid, I understand that the registered keeper may be liable to pay a Penalty Charge of £1,000.

I understand and accept that Authorised Officers working on behalf of TfL may ask to inspect the vehicle before or after issue of a compliant or discount status or exemption to confirm I have given correct information. If this consent is not given, TfL may not issue the vehicle with a compliant or discount status or exemption or the compliant or discount status or exemption may be withdrawn.

By printing my full name in the signature box below, I understand that this constitutes a signature for the purposes of accepting this declaration and is a valid means of authenticity.
